

Right of Withdrawal for Contracts Made in Our Premises

As the contract was concluded during a personal consultation at the premises of Matrix Jiu Jitsu GmbH, there is no statutory right of withdrawal in accordance with Section 312g (2) No. 9 of the German Civil Code (BGB). This provision excludes the right of withdrawal for contracts concluded on-site for services provided by the provider. This means that the customer has no right to withdraw from the contract within the statutory withdrawal period after the contract has been concluded.
